

BULLARD LITE VX BLAST LIGHT

THE EASILY MOUNTABLE, HANDS-FREE SOLUTION

COMPACT, VERSATILE, LIGHTWEIGHT, BRIGHT
THE BULLARD LITE VX LIGHT IS IN A CLASS OF IT'S OWN

Abrasive Blasting is tough - even at the very best of times. So when it comes to working in low-light conditions or when you are surrounded by airborne dust, it makes a hard job virtually impossible.

The Bullard Lite VX is the answer. Simply stick the Helmet Mount to your existing Blast Helmet, clip the light in place and your work area will be illuminated so you can get on with the task of blasting. What makes the Lite VX stand out even more is that it's compatible with ANY Blast Helmet/Hard Hat and it carries a Lifetime Manufacturer's Warranty.
