# blast safe™

The special CE marked coverall for maximum shotblasters protection

The **Blastex™** coverall used in conjunction with the **Silencer®** Shotblasting hood and the Artifex boots and gloves is the final solution SYSTEM for the harsh Shotblasting environment.

Elastic thumb catcher prevents the sleeves creeping up

Rubber band under foot prevents the legs creeping up in kneeled position

Kneepad pockets (pads are optional) for extra protection of knees.
