BURWELL TECHNOLOGIES EASY-LOAD BLAST MACHINES

Introducing our two, all-new, compact, easy load Blast Machines.

At Burwell we listen to our customers and are constantly looking at ways to improve on our designs.

This latest release incorporates all the standard features you've come to expect along with a reduced loading height. By reducing the height of the blast pots by 300mm, they are easier to load, more compact and manoeuvring them around the job site is a breeze.

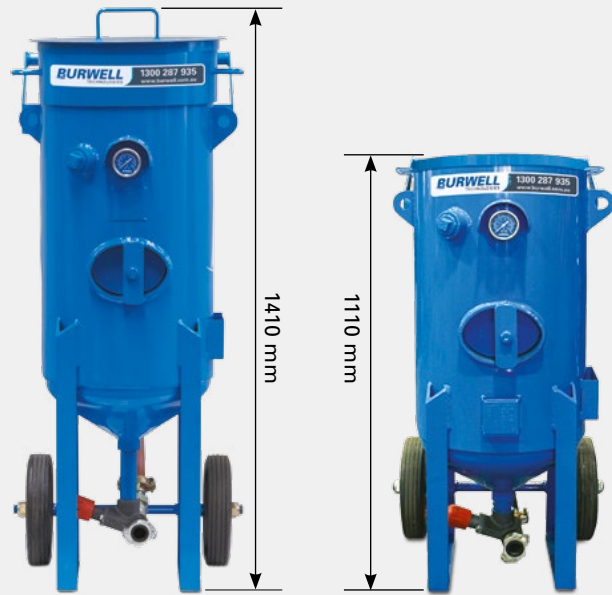

Our compact, streamline design ensures no bulky valving arrangements unlike other pots on the market. Together with Australian Made, high quality parts – Burwell Blast Pots are the perfect choice for your next job!

- Proudly Australian Made
- All New Compact Design
- Easy Loading Remote Control Deadman System
