BURWELL JET PULSE CARTRIDGE DUST COLLECTOR

Burwell's experience in the demanding Dust and Fume Extraction/Filtration industry has provided a thorough knowledge of air pollution control.

Our experience in the design, manufacture, service and installation of dust collection systems for a wide range of applications, coupled with a continuing evaluation of industrial ventilation systems has helped Burwell to produce an unequalled Dust Collector design.

- Custom designed for your application
- Associated ducting can be supplied
- Versatile configuration to suit individual customer's requirements

BURWELL'S UNIQUE CAM-LOCK SYSTEM

- **Slide-in, slide-out cartridges** allow quick and easy change over which greatly reduces downtime
- **No need to enter the machine** to change cartridges
- **No nuts and bolts**
- **High quality seal** ensures no leakage

EXCLUSIVE DESIGN FEATURES

Auto Jet Pulse Control

Infinitely Adjustable Automatic Electronic Timer Control fires a shot of compressed air through high volume diaphragm valves to the Eductor Tubes.

Access Ladder and Platform

Railings in compliance with Australian Standards.

Easy Access

Access Doors are within convenient reach to allow for safe and simple cartridge changes from outside the Collector. Service and adjustment is a breeze, so there are no confined workspace issues.

Cartridge

Long Life Pleatkeeper Cartridge with CX22 fabric maximises sub-micron particle filtration. Self aligning and integrally gasketed to eliminate leaks.

Rotary Lock

Constant waste dust expulsion.

Dust Receptacle

For waste dust collection.

Eductor Tube

Performance designed Eductor Tube guarantees total cartridge dust cake removal ensuring constant performance under all dust loading conditions.

CARTRIDGE INSTALLATION

Eductor Tube

Tube Sheet

Handles of RH & LH Clamp Bars

Locked Position

Clamp Bar LH
(Unlocked Position)

Turn 90° CCW to Seal Cartridge

Clamp Bar RH
(Unlocked Position)

Turn 90° CW to Seal Cartridge

Clamp Bar Retainer

BURWELL TECHNOLOGIES

Proudly Australian Owned
and Operated since 1969

Australian owned and operated, Burwell Technologies are the leading manufacturer and distributor of Air Blast Equipment, Dust Extraction Systems, Abrasives and accessories for the surface preparation industry.

Established in 1969, Burwell has stayed true to its original philosophy of delivering premium grade equipment engineered to improve productivity and reduce costs.

As a result, Burwell products have earned a reputation for their innovative design, exceptional quality and value for money.

Burwell has maintained their lead in a competitive market by constantly evolving with technology. Many of the techniques and processes that are in common use in the industry today were pioneered by Burwell.

Burwell uses the most advanced design and manufacturing techniques available allowing them to optimise product performance and custom design equipment to their customer's specific needs.

A comprehensive distribution network and personal approach ensures superior customer service and support nationwide. Burwell has branches all over Australia as well as distribution deals with other national suppliers.
